

Advancing ADR In Miami: Arbitration Place and JAMS Launch Strategic Collaboration

Miami, Florida – March 27th, 2025 Arbitration Place and JAMS—two global leaders in arbitration and mediation services and facilities—are thrilled to announce a strategic collaboration to offer access to top tier arbitration and mediation hearing facilities and services in Miami.

Through this collaboration, Arbitration Place has secured access to host non-JAMS arbitrations, mediations, and other proceedings at the newly opened, state-of-the-art JAMS Resolution Center in the heart of downtown Miami. This enables Arbitration Place to provide separate access to dedicated hearing facilities in Miami, opening the door for non-JAMS institutional and ad hoc proceedings to be conducted through Arbitration Place in a neutral, purpose-built environment. Proceedings hosted and serviced by Arbitration Place, while taking place in the JAMS facility, will be kept separate and confidential from JAMS.

“JAMS values the opportunity to collaborate with Arbitration Place in Miami, a respected organization in the arbitration community. This relationship will enhance the international arbitration landscape by providing additional resources and options for arbitrators, counsel and clients who choose Miami as their venue for international disputes, reinforcing our shared commitment to excellence in dispute resolution. We look forward to working together to support the arbitration community and continue advancing ADR in Miami,” said Elizabeth Carter, senior vice president of operations at JAMS.

“Arbitration Place recognizes the growing significance of Miami as a key destination for arbitration and mediation, driven in part by the increasing volume of Latin American-related disputes as well as the remarkable initiatives and commitment of the Miami dispute resolution community,” added Jeffrey Mandell, Chairman and CEO of Arbitration Place. “By offering world-class hearing space combined with a full range of integrated services, including real time court reporting, transcripts and the latest document management and evidence presentation solutions, Arbitration Place is uniquely positioned to support the surging demand in Miami for all types of international and domestic proceedings, thereby strengthening Miami as a global arbitration hub. This alliance, alongside our existing global collaborations based in London, Singapore, Abu Dhabi, Mauritius, and the Cayman Islands, further solidifies our position as a leading global alternative dispute resolution company.”

The new JAMS Miami Resolution Center, with breathtaking views of South Beach and the Miami South Channel, features 15 purpose-built hearing rooms, ranging from spaces for smaller and medium-size proceedings to larger rooms capable of accommodating nearly 30 attendees, making the facility ideal for international arbitrations. The modern hearing rooms are equipped with built-in microphones, soundproofing for optimal audio clarity, high-definition cameras and advanced presentation technology. The space is designed for maximum flexibility, supporting in-person and hybrid hearings. Additional amenities include an on-site kitchen and catering services.
